LEADERSHIP INFRASTRUCTURE™ · A PITCH

Every company starts with a vision. **Most lose it.**

The Co.LLab™ is the infrastructure that defines, builds and passes it on, licensed as IP.

The Co.LLab™

LET'S BUILD YOUR LEGACY THROUGH OMNIDIRECTIONAL ENTERPRISE™

01 · THE MODEL

Can you answer these **four questions?**

They are the four questions of The IV Phases™ of Leadership Infrastructure™. A company that can answer all four has a vision that does not depend on one person.

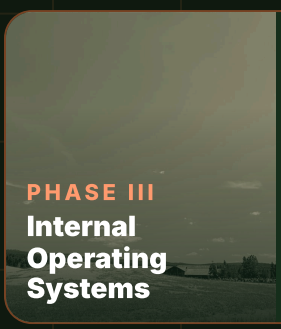

PHASE I
Foundations

What should never be lost as we grow?

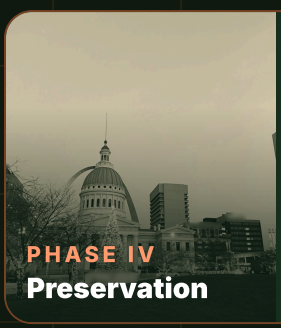

PHASE II
Infrastructure Planning & Management

What depends on a person that should belong to the organization?

PHASE III
Internal Operating Systems

How do we make what matters part of how we operate?

PHASE IV
Preservation

What must exist for what we built to continue?

02 · THE IDEA

Leadership, made **structural.**

Leadership captured, documented, and embedded so it **outlasts the individuals who hold it.**

Define it.	**PHASE I** Foundations
Plan it.	**PHASE II** Infrastructure Planning & Management
Live it.	**PHASE III** Internal Operating Systems
Pass it on.	**PHASE IV** Preservation

OUR MISSION

To build leadership infrastructure that empowers people and organizations to transform human potential into performance, sustainable enterprise value, and lasting legacy.

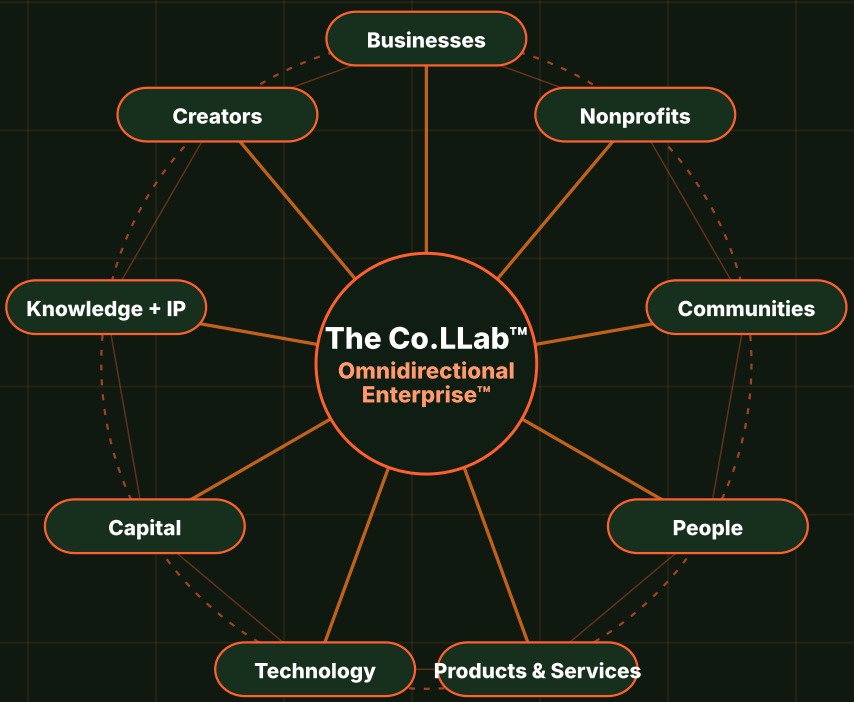

OUR VISION

A world where infrastructure is built around human potential, rather than people being forced to conform to infrastructure that was never designed for them.

03 · THE ECOSYSTEM

Not a funnel. **A coordinated system.**

Value moves in every direction between people, ideas, products, organizations and community, with many ways in, all connected to Leadership Infrastructure™.

It links **contribution, ownership and return.** Built on ethics: how we treat people is part of the infrastructure.
