The Co.LLab™

LEADERSHIP INFRASTRUCTURE™ · THE PITCH

Every company starts with a vision. **Most lose it.**

The Co.LLab™ builds the infrastructure that defines, builds and passes on a company's vision, licensed as IP.

LET'S BUILD YOUR LEGACY THROUGH OMNIDIRECTIONAL ENTERPRISE™

THE CASE

Generating value and capturing value **are different processes.**

THE PROBLEM

The global economy faces a structural coordination problem: capital, labor, intellectual property, technology, and decision-making authority operate through institutions and markets whose incentives do not always align with productive contribution.

THE SOLUTION

The Co.LLab™ develops proprietary products, intellectual property, and leadership infrastructure organized around the Omnidirectional Enterprise™ operating model.

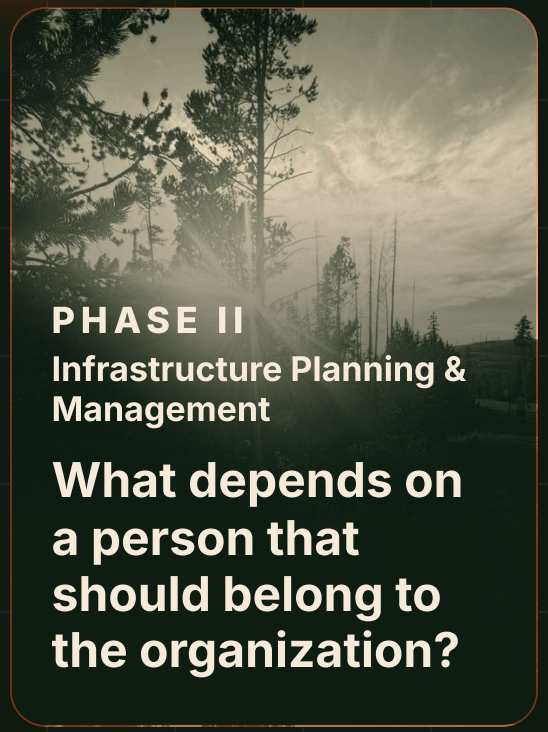

THE IV PHASES™

Can you answer these **four questions?**

PHASE I
Foundations

What should never be lost as we grow?

PHASE II
Infrastructure Planning & Management

What depends on a person that should belong to the organization?

PHASE III
Internal Operating Systems

How do we make what matters part of how we operate?

PHASE IV
Preservation

What must exist for what we built to continue?

LEADERSHIP INFRASTRUCTURE™

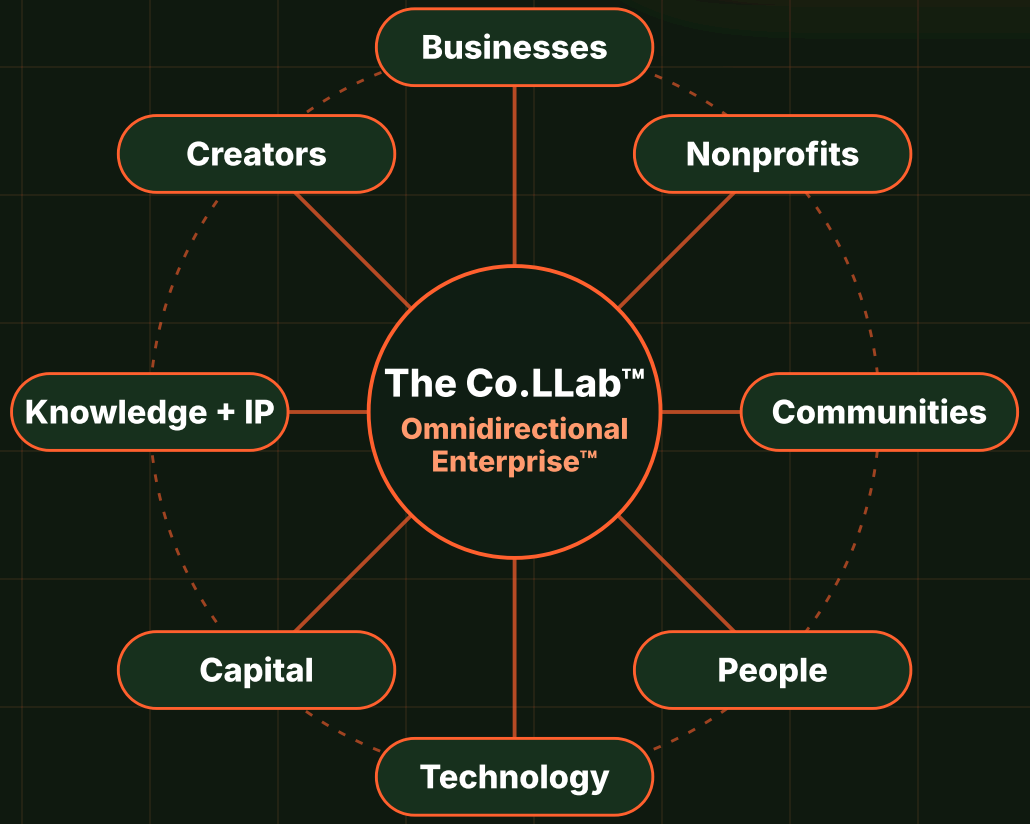

Leadership, made **structural.**

Captured, documented and embedded, so it **outlasts the individuals who hold it.**

Define it.	PHASE I **Foundations**
Plan it.	PHASE II **Infrastructure Planning & Management**
Live it.	PHASE III **Internal Operating Systems**
Pass it on.	PHASE IV **Preservation**

THE ECOSYSTEM

Not a funnel. A coordinated system.

Value moves in every direction between people, ideas, products, organizations and community.

Built on ethics: how we treat people is part of the infrastructure.
