CREATIVE ESTATE MAPPING™

The Co.LLab: Building Leadership Infrastructure™

Your body of work is an asset — but only if it's organized as one.

Creative Estate Mapping™ helps you organize and preserve the assets, intellectual property, knowledge, relationships, and enterprise value built into a creative practice — so the work's value doesn't depend entirely on what's currently in your head.

STEP 1 — INVENTORY YOUR CREATIVE ESTATE

Check what you currently have — and what currently exists only informally:

☐ Finished work

☐ Unfinished / in-progress work

- ☐ Raw materials & source files
- ☐ Licenses & IP registrations
- ☐ Contracts & rights agreements

- ☐ Accounts / platforms holding your work
- ☐ Key relationships (collaborators, galleries, publishers, agents, clients)
- ☐ Financial records tied to the work

STEP 2 — MAP YOUR ESTATE TO THE FOUR PHASES

Use the four phases of Leadership Infrastructure™ to see where your estate is strong and where it is exposed.

FOUNDATIONS

Is it clear — to you and to anyone else — what this body of work stands for and who made it?

INFRASTRUCTURE PLANNING & MANAGEMENT

Are your rights, contracts, and licenses organized as a structure — or scattered across memory, email, and old folders?

INTERNAL OPERATING SYSTEMS

Do the accounts, platforms, and relationships that hold your work day to day have a documented system behind them?

PRESERVATION

If you couldn't be reached for six months, could the estate still function — payments, rights, requests — without you?

STEP 3 — WHAT SHOULD BE CAPTURED

What exists only in your head right now — process, pricing logic, a relationship, a technique — that needs to be written down?

What would be lost if you couldn't explain it in person?

STEP 4 — WHAT SHOULD BE EMBEDDED

Which parts of your process should become a documented, repeatable system — so an assistant, a collaborator, or future you could actually carry it forward?

STEP 5 — WHAT SHOULD BE TRANSFERRED

Which rights, accounts, credentials, or relationships need a named person and a plan — not just "someone will figure it out"?

Who is that person, today?

STEP 6 — WHAT SHOULD BE SUSTAINED

Which body of work or practice should continue past this one project, this year — or even past you?

What would "sustained" actually require?

YOUR ESTATE STATEMENT

Complete this:

My creative estate includes _____.

What needs to be captured first is _____.

What needs to be transferred, and to whom, is _____.

What I want sustained beyond this project is _____.

Legacy isn't simply what a creator leaves behind.

Legacy is the infrastructure that allows what a creator built to continue.

Build the infrastructure. Strengthen the estate. Create the legacy.
